

2012 International LANSA User Conference

Explore the Technology behind the Wizardry

April 22-25, Loews Royal Pacific Resort in Orlando, Florida

Register now at: www.lansa.com/conference

Top 10 Reasons to Attend

- 1. BUSINESS OBJECTS** – Learn how Business Objects in Version 13 will add even more power to LANSA's Repository by encapsulating not only data, database schemas, business rules and re-usable parts, but also any component you like – including business processes, Web services, 3GL programs, LANSA functions and .NET components. It's re-use on steroids.
- 2. MICROSOFT DIRECTX** – Discover how LANSA can leverage DirectX to improve the aesthetics and user experience of your Visual LANSA applications.
- 3. MOBILE** – From smartphones to tablets and Web to native mobile apps, learn how to mobilize your "i" apps and support everything from iPhone to Android.
- 4. LABS** – Get hands-on experience with Cloud-based labs that allow you to learn during the conference and refresh your skills back at the office.
- 5. INTEGRATION** – Learn how to integrate apps and data and streamline manual processes across multiple platforms and databases – without writing code.
- 6. .NET** – Bring your .NET developers so they can learn how to harness the LANSA platform from Visual Studio to better integrate their applications.
- 7. CLOUD** – Gain valuable insight into LANSA's Cloud strategy and how LANSA can be part of your private and/or public Cloud solution.
- 8. MIGRATION** – Want to migrate RPG, COBOL or Synon into Visual LANSA? Staff will be on hand to demonstrate new technology and best practices that will automate and bring process to your migration project.
- 9. SERVICE DELIVERY** – No time for new development? Let LANSA Managed Services maintain your old applications, while you build new ones. Learn how we do it, where to start and how to build a compelling ROI.
- 10. NETWORKING** – Network, share experiences and exchange best practices with other LANSA customers, partners and professionals.
